

CABLES AND WIRING HARNESSSES

HVAC + R

STANDARD

MAIN FUNCTIONS

Perform power supply and information transfer in order to integrate the entire system of motor vehicles, machines, and equipment. Because of the quality and assertiveness required in assembling harnesses, experienced labor and dedicated equipment are essential.

CHARACTERISTICS

In compliance with the ABNT/NBR technical standards, Globus cables and connections guarantee quality, functionality, safety, and reliability in vehicle electrical systems.

AVAILABLE FOR

Complete cabin systems, headlights and windows, fuel pumps, transshipments, hydraulic systems, safety and interlocking, among others.
